After you determine your aim, you could figure out what your viewers's want is in your ebook. For example, does your guide clear up a specific drawback? If it does, and solves it in a way that hasn't been written about in 100 other ebooks, you'll be in a position to achieve high gross sales

at a high price. If your e-book solves an issue or answers questions in a new and distinctive way, you need to value your e book as high as you can go.
