Do that by creating a sales page for the brand new e-book, however don't embrace a worth on that page. One other strategy is to test out costs by making a number of duplicate gross sales pages with different costs on every page. Be certain that your gross sales copy is strictly the same on each

web page, and consists of your selling-handle sentence. Then work out for every page the conversion ratio between visitors to your site and sales of your book. It will let you know what your optimum value is.
