An effective method for figuring out a value is to send out a survey to your present customers. If these prospects have already bought an ebook from you, ask for their opinion by way of price. Do that by creating a gross sales web page for the brand new ebook, but do not include a worth on that page. As an alternative, add numerous hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other technique is to test out prices by creating a number of duplicate sales pages with different costs on each page. Be sure your gross sales copy is strictly the same on every web page,

and contains your promoting-handle sentence. Then determine for every web page the conversion ratio between visitors to your website and gross sales of your book. It will tell you what your optimum worth is.

In the end, in the event you've written a ebook that solves a downside or presents a new approach, your book will usher in each traffic and profits. So make sure to write that promoting-handle sentence that sums up what downside your book solves and what the benefits of your 1095 book might be to the customers who buy it.
