One other strategy is to test out prices by making a variety of duplicate gross sales pages with totally different prices on each page. Make certain your gross sales copy is strictly the identical on every page, and includes your promoting-handle sentence. Then work out for every web page the conversion ratio between visitors to your website and sales of your book. It will let you know what your optimum price is.

Finally, in the event you've written a guide that solves a drawback or presents a new approach, your e-book will herald each site visitors and profits.
