Marketing Methods

The important thing that unlocks the sales potential of your ebook is to discover a single sentence that becomes your promoting handle. Then make sure to use that sentence in each piece of sales and promotional materials, and every time anyone asks you about your ebook.

Apart from promoting your books assiduously online, there are several different strategies that may allow you to sell more books.

One is to offer something away totally free along with your book, comparable to a precious bonus item. Or bundle a number of ebooks below one price, which lowers the value for each book if they have been sold separately.

An efficient technique for determining a price is to send out a survey to your current customers. If these prospects have already bought a book from you, ask for his or her opinion in terms of price. Do this by making a sales web page for the new book, but do not embody a value on that page. As a substitute, add a variety of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another technique is to test out costs by creating a number of duplicate sales pages with different costs on each page. Make sure that your gross sales copy is precisely the same on every web page,

and includes your selling-handle sentence. Then determine for every web page the conversion ratio between guests to your website and sales of your book. This may inform you what your optimum price is.

In the end, if you happen to've written a book that solves a problem or presents a new method, your book will herald both visitors and profits.
