Another technique is to test out costs by making a variety of duplicate sales pages with completely different prices on each page. Ensure your gross sales copy is strictly the similar on each page,

and includes your promoting-handle sentence. Then determine for each web page the conversion ratio between guests to your site and gross sales of your book. This will let you know what your optimum price is.

Finally, if you've written a guide that solves a drawback or presents a new technique, your e-book will herald each site visitors and profits.
