An effective technique for figuring out a price is to ship out a survey to your present customers. If these customers have already purchased an e book from you, ask for their opinion when it comes to price. Do this by making a sales web page for the new ebook, but don't embody a worth on that page. Instead, add a variety of hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

One other technique is to test out costs by making a number of duplicate gross sales pages with completely different costs on each page. Make certain your gross sales copy is precisely the same on

every page, and includes your promoting-handle sentence. Then determine for each page the conversion ratio between visitors to your website and sales of your book. This will inform you what your optimum value is.

Finally, should you've written a book that solves a downside or presents a new method, your guide will usher in both site visitors and profits. So be sure you write that promoting-handle sentence that sums up what problem your e-book solves and what the advantages of your 1352 book will likely be to the customers who purchase it.
