But the truth that unites ebooks and print books is that they are composed of ideas. It is the ideas in these books that have the flexibility to change, or possibly remodel, individuals's lives.

What do you suppose an concept is value when evaluated in opposition to the price of paper and ink?

It is the IDEAS which might be worthwhile! That is the way you decide the cost of your ebook.

After you figure out your goal, you must determine what your audience's need is in your ebook. For instance, does your book clear up a selected problem? If it does, and solves it in a manner that hasn't been written about in one hundred other ebooks, you'll be able to achieve excessive sales at

a high price. If your e book solves an issue or solutions questions in a new and distinctive approach, it's best to price your e-book as high as you may go. One is to give something away free of charge with your book, corresponding to a precious bonus item. Or bundle several ebooks beneath one worth, which lowers the value for every book if they had been offered separately.

An efficient approach for determining a worth is to ship out a survey to your current customers. If these prospects have already purchased an e book from you, ask for their opinion by way of price. Do that by creating a gross sales web page for the new guide, but don't embody a worth on that page. Instead, add quite a few links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another technique is to check out costs by making a number of duplicate gross sales pages with different costs on every page. Be sure your sales copy is exactly the similar on every web page, and consists of your selling-deal with sentence. Then determine for every web page the conversion ratio between guests to your web site and gross sales of your book. This may inform you what your optimum price is.

Finally, if you happen to've written a guide that solves a drawback or presents a new method, your guide will herald both site visitors and profits.
