One is to give one thing away for free with your e-book, resembling a priceless bonus item. Or bundle a number of ebooks below one worth, which lowers the value for every ebook in the event that they were offered separately.

An efficient method for figuring out a value is to ship out a survey to your present customers. If these prospects have already bought an book from you, ask for their opinion by way of price. Do that by making a sales web page for the brand new e book, but do not embrace a price on that page. As an alternative, add numerous hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

One other technique is to test out costs by creating a number of duplicate sales pages with different prices on each page. Make certain your gross sales copy is precisely the similar on each page, and consists of your promoting-handle sentence. Then determine for every web page the conversion ratio between visitors to your website and gross sales of your book. This can inform you what your optimum price is.

Ultimately, should you've written a guide that solves a drawback or presents a brand new method, your e-book will usher in both traffic and profits.
