One other technique is to check out costs by making a number of duplicate sales pages with completely different prices on each page. Be sure that your gross sales copy is exactly the

identical on each web page, and contains your selling-deal with sentence. Then determine for each page the conversion ratio between visitors to your website and sales of your book. This may inform you what your optimum price is.

Finally, in case you've written a e book that solves a drawback or presents a new method, your book will herald both visitors and profits.
