An effective method for determining a value is to ship out a survey to your current customers. If these customers have already bought an ebook from you, ask for their opinion in terms of price. Do that by creating a sales page for the brand new ebook, but do not embody a worth on that page. As an alternative, add a number of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another strategy is to test out costs by making a variety of duplicate gross sales pages with completely different costs on each page. Ensure that your gross sales copy is exactly the same on

every web page, and includes your promoting-handle sentence. Then determine for every web page the conversion ratio between visitors to your web site and sales of your book. This will let you know what your optimum worth is.

Ultimately, for those who've written a guide that solves a problem or presents a new technique, your book will usher in each visitors and profits.
