An effective approach for determining a worth is to send out a survey to your current customers. If

these clients have already bought an e-book from you, ask for their opinion in terms of price. Do that by creating a gross sales page for the brand new ebook, but do not embrace a worth on that page. As a substitute, add quite a lot of links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another technique is to check out costs by creating a number of duplicate gross sales pages with totally different costs on every page. Ensure that your sales copy is strictly the similar on each page, and includes your selling-handle sentence. Then figure out for each page the conversion ratio between guests to your website and gross sales of your book. This can tell you what your optimum price is.

In the end, for those who've written a ebook that solves a downside or presents a new method, your guide will usher in each visitors and profits.
