One other strategy is to check out prices by creating a number of duplicate sales pages with totally different prices on each page. Make sure your sales copy is strictly the same on each web page, and

includes your selling-deal with sentence. Then determine for every web page the conversion ratio between visitors to your website and gross sales of your book. It will inform you what your optimum value is.

Finally, in the event you've written a e-book that solves a drawback or presents a brand new technique, your e-book will bring in both traffic and profits.
