Then be sure to use that sentence in each piece of gross sales and promotional material, and each time anyone asks you about your ebook.

Besides promoting your books assiduously on-line, there are a number of other methods that may allow you to promote extra books.

One is to give one thing away without spending a dime with your ebook, reminiscent of a worthwhile bonus item. Or bundle a number of ebooks under one worth, which lowers the worth for each ebook in the event that they were bought separately.

An effective method for determining a price is to ship out a survey to your present customers. If these prospects have already bought an book from you, ask for their opinion when it comes to price. Do this by making a gross sales web page for the brand new e book, but do not embrace a value on that page. As a substitute, add a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other technique is to test out prices by creating a number of duplicate gross sales pages with different prices on each page. Ensure that your gross sales copy is strictly the same on each page, and includes your selling-deal with sentence. Then figure out for every web page the conversion ratio between guests to your site and sales of your book. It will tell you what your optimum value is.

Ultimately, in the event you've written a e-book that solves a drawback or presents a new method,

your guide will usher in both traffic and profits. So make sure to write that promoting-handle sentence that sums up what downside your guide solves and what the advantages of your 360 e book will probably be to the purchasers who buy it. And then watch your market come to you!
