One is to give one thing away without spending a dime along with your guide, reminiscent of a worthwhile bonus item. Or bundle a number of ebooks underneath one value, which lowers the worth for each ebook in the event that they were bought separately.

An efficient technique for figuring out a value is to ship out a survey to your current customers. Another technique is to check out prices by creating a number of duplicate gross sales pages with totally different costs on every page. Ensure that your gross sales copy is strictly the identical on every page, and consists of your promoting-handle sentence. Then determine for every page the conversion ratio between visitors to your website and gross sales of your book. This will let you know what your optimum price is.
