The key that unlocks the gross sales potential of your e-book is to find a single sentence that turns into your promoting handle. This sentence states what question or downside your e-book answers and the advantages your e-book can provide. Then you'll want to use that sentence in each piece of

gross sales and promotional materials, and every time anybody asks you about your ebook.

An effective method for determining a value is to send out a survey to your current customers. If these clients have already bought an e book from you, ask for their opinion when it comes to price. Do that by making a gross sales web page for the new guide, but do not include a value on that page. As an alternative, add a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other technique is to check out costs by making a number of duplicate sales pages with different prices on every page. Be sure your gross sales copy is precisely the similar on every page, and contains your selling-deal with sentence. Then figure out for every web page the conversion ratio between guests to your website and gross sales of your book. This will tell you what your optimum value is.

Ultimately, when you've written a e book that solves a drawback or presents a brand new approach, your e book will usher in both traffic and profits.
