An efficient method for figuring out a value is to ship out a survey to your current customers. If these prospects have already purchased an e book from you, ask for their opinion when it comes to price. Do that by creating a sales page for the new guide, but don't embody a worth on that page. As an alternative, add quite a few hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another technique is to check out costs by creating a variety of duplicate gross sales pages with completely different prices on every page. Ensure that your sales copy is exactly the similar on every web page, and contains your selling-deal with sentence. Then figure out for each page the conversion ratio between guests to your web site and sales of your book. It will inform you what your optimum worth is.

In the end, in case you've written a guide that solves a problem or presents a new approach, your book will usher in each visitors and profits.
