An efficient technique for figuring out a price is to send out a survey to your current customers. If these clients have already purchased an e-book from you, ask for his or her opinion by way of price. Do that by making a sales web page for the new guide, however don't embody a worth on that page. As a substitute, add quite a lot of links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other strategy is to test out costs by creating a variety of duplicate sales pages with totally different costs on every page. Make sure your sales copy is strictly the same on every web page, and

includes your selling-handle sentence. Then figure out for every page the conversion ratio between visitors to your website and gross sales of your book. This will inform you what your optimum value is.

In the end, in the event you've written a guide that solves a downside or presents a brand new technique, your e book will bring in both visitors and profits.
