An efficient method for determining a price is to ship out a survey to your current customers. If these prospects have already bought an e-book from you, ask for his or her opinion by way of price. Do that by making a sales web page for the new book, but do not embody a price on that page. As an alternative, add a variety of links to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another strategy is to check out prices by creating a variety of duplicate gross sales pages with different prices on every page. Make sure that your sales copy is strictly the similar on each page, and includes your selling-deal with sentence. Then figure out for every page the conversion ratio between visitors to your web site and gross sales of your book. This can tell you what your optimum value is.

Finally, in the event you've written a e-book that solves a downside or presents a brand new approach, your guide will usher in each traffic and profits.
