Advertising Strategies

An effective technique for figuring out a price is to ship out a survey to your current customers. If these customers have already bought an e book from you, ask for their opinion in terms of price. Do that by making a sales web page for the new guide, but do not embrace a price on that page. Instead, add quite a few hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another technique is to test out costs by creating a variety of duplicate sales pages with totally different prices on each page. Make certain your sales copy is strictly the same on each web page,

and consists of your promoting-handle sentence. Then determine for every web page the conversion ratio between visitors to your web site and gross sales of your book. It will let you know what your optimum price is.

Ultimately, in the event you've written a e-book that solves a drawback or presents a brand new technique, your ebook will usher in both site visitors and profits. So be sure you write that promoting-handle sentence that sums up what downside your e book solves and what the benefits of your 696 e book shall be to the shoppers who buy it.
