An effective approach for determining a value is to send out a survey to your present customers. If these prospects have already bought an book from you, ask for his or her opinion when it comes to price. Do this by making a gross sales page for the brand new book, but do not embrace a worth on that page. Instead, add a lot of hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another technique is to check out prices by making a number of duplicate gross sales pages with completely different prices on every page. Make sure that your sales copy is exactly the same on each web page, and consists of your selling-handle sentence. Then determine for every web page the conversion ratio between visitors to your site and sales of your book. This may inform you what your optimum price is.

Ultimately, if you've written a guide that solves a drawback or presents a new technique, your book will usher in both traffic and profits.
