An effective technique for figuring out a worth is to send out a survey to your current customers. If these clients have already bought an ebook from you, ask for their opinion by way of price. Do that by making a sales web page for the brand new ebook, however don't include a value on that page. As a substitute, add a variety of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another technique is to check out costs by creating a variety of duplicate gross sales pages with different prices on every page. Make sure that your gross sales copy is exactly the similar on each page, and includes your promoting-deal with sentence. Then work out for every page the conversion ratio between visitors to your web site and sales of your book. It will tell you what your optimum price is.

Ultimately, if you've written a guide that solves a downside or presents a new approach, your e-book will bring in both site visitors and profits.
