One other technique is to test out costs by creating a variety of duplicate sales pages with different prices on every page. Make sure that your gross sales copy is exactly the identical on

each page, and includes your selling-handle sentence. Then figure out for each web page the conversion ratio between guests to your website and gross sales of your book. This will let you know what your optimum price is.

Ultimately, if you've written a e book that solves a drawback or presents a brand new method, your ebook will usher in both traffic and profits.
