An effective approach for figuring out a value is to ship out a survey to your current customers. If these prospects have already purchased an book from you, ask for his or her opinion when it comes to price. Do this by creating a sales web page for the new e-book, but do not embody a price on that page. Instead, add quite a lot of links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other strategy is to check out prices by making a variety of duplicate sales pages with different prices on each page. Make certain your gross sales copy is strictly the similar on each web page, and includes your promoting-deal with sentence. Then work out for each page the conversion ratio between guests to your website and sales of your book. This will inform you what your optimum worth is.

Finally, in case you've written a guide that solves a problem or presents a new approach, your guide will usher in both traffic and profits. So be sure you write that selling-handle sentence that sums up what problem your guide solves and what the benefits of your 825 e-book will likely be to the customers who buy it.
