After you figure out your objective, it's essential to determine what your audience's need is on your ebook. For example, does your book solve a specific downside? If it does, and solves it in a way that hasn't been written about in 100 other ebooks, you can be in a position to obtain high sales at a high price. In case your e book solves a problem or answers questions in a new and unique way, you must value your e-book as excessive as you possibly can go. You'll achieve bigger income this manner, but herald fewer customers. If these clients have already purchased an e book from you, ask for their opinion when it comes to price. Do this by making a sales page for the brand new ebook, however don't embrace a price on that page. As a substitute, add plenty of hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another strategy is to test out costs by creating a variety of duplicate sales pages with totally different costs on each page. Make certain your gross sales copy is strictly the same on every web

page, and contains your promoting-deal with sentence. Then figure out for each page the conversion ratio between guests to your web site and gross sales of your book. It will let you know what your optimum worth is.

Finally, when you've written a e-book that solves a downside or presents a brand new technique, your book will usher in each traffic and profits.
