An effective approach for figuring out a worth is to ship out a survey to your present customers. If these clients have already purchased an e book from you, ask for their opinion when it comes to price. Do that by making a gross sales page for the brand new book, but don't embody a price on that page. One other technique is to test out prices by making a number of duplicate gross sales pages with completely different costs on every page. Make sure your gross sales copy is precisely the identical on every web page, and includes your selling-deal with sentence. Then figure out for each web page the conversion ratio between visitors to your website and sales of your book. This can let you know what your optimum price is.

Finally, if you've written a ebook that solves a problem or presents a brand new technique, your

book will bring in both site visitors and profits. So you should definitely write that promoting-deal with sentence that sums up what downside your e book solves and what the benefits of your 958 e book might be to the shoppers who purchase it. After which watch your market come to you!
