An effective method for determining a value is to send out a survey to your current customers. If these customers have already purchased an e-book from you, ask for his or her opinion when it comes

to price. Do that by making a sales page for the brand new book, but don't include a price on that page. Instead, add quite a lot of links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other strategy is to check out costs by making a number of duplicate sales pages with completely different costs on every page. Be sure your gross sales copy is strictly the same on each page, and includes your selling-handle sentence. Then figure out for every page the conversion ratio between guests to your web site and sales of your book. This may tell you what your optimum value is.

Ultimately, in the event you've written a book that solves a drawback or presents a brand new technique, your guide will herald each traffic and profits. So make sure you write that selling-handle sentence that sums up what problem your ebook solves and what the advantages of your 98 guide shall be to the customers who purchase it.
