Then make sure to use that sentence in every piece of sales and promotional material, and each time anyone asks you about your ebook.

In addition to promoting your books assiduously online, there are a number of other strategies that can help you promote more books.

One is to give one thing away totally free together with your book, akin to a invaluable bonus item. Or bundle several ebooks below one value, which lowers the price for every e-book in the event that they were sold separately.

An effective approach for determining a value is to send out a survey to your current customers. If these customers have already purchased an e-book from you, ask for his or her opinion when it comes to price. Do this by creating a gross sales web page for the brand new book, but do not embody a worth on that page. As an alternative, add quite a lot of hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another strategy is to test out costs by creating a variety of duplicate gross sales pages with totally different prices on each page. Ensure your gross sales copy is precisely the similar on each

web page, and consists of your promoting-handle sentence. Then figure out for each page the conversion ratio between visitors to your site and gross sales of your book. This may let you know what your optimum value is.

Finally, if you happen to've written a e-book that solves a problem or presents a new method, your ebook will usher in both site visitors and profits. So be sure you write that selling-deal with sentence that sums up what downside your e book solves and what the advantages of your 980 book will be to the customers who buy it. After which watch your market come to you!
